Dear Mrs Manley:

With reference to your telephone message to-day-I would like to advise that I immediately call the Kren Company in Syracuse, N.Y. and ask them to send you (2) two dozen of their best selections of 35" and 36" Specials today by Railway Express so that they would reach you on Wednesday and not later than Thursday.

In the meantime I am sending you (1) one dozen Bat^Rites by Express. I will come over in a couple of weeks and pick up the models that you cannot use, so please lay them aside.

Again, I wish to express my appreciations for all past favors,

Yours respectfully,

Anderson's Sport Shop
